

## Field Trip—May 12

### Fanthorp Inn State Historic Site

Gwen Kunz is our field trip leader on this outing.

We are traveling to Fanthorp Inn State Historic Site in Anderson. Fanthorp was originally built in 1834 and was basic lodging for Henry Fanthorp’s family. Over time the site evolved to become a stage coach stop and a well-known country inn where famous guests stayed.

Tours of the historic Fanthorp Inn are available and there is a replica of an 1850 Concord stagecoach for rides. Obviously there many opportunities for photography.

Gwen has supplied a handout with field trip details and a second document that is a more extensive look at Fanthorp. Both are attachments to this newsletter.

If you are going, please let Gwen know. Her email address and phone number are in the directory.

## Workshop—May 15

### Post Processing

We will focus on post-processing aspects of image creation. You will be given two files at the workshop. The first will be a landscape and each person or group should use Lightroom and/or Photoshop (or similar programs) to create the best image possible. The aim here is to create an image as close as possible to what you encounter in nature. The second image will be open to any creative processing you wish to try. In addition to Lightroom and Photoshop, you can use any software that will give you the effect you want to achieve in your image. After the images are created, they will be viewed on the projector and the creators of selected images will be asked to demonstrate how they achieved the end results.

Please bring your laptop to the workshop. If you don’t have one available, pair up with another member.

Buz Cabral, Workshop Chair

## Member News

Good News! **Joe and Evelyn Sandler** have moved back to Houston from San Antonio. They were displaced by Hurricane Harvey last year. It is good to see them again.

### New Members

**Joe Schmitt** is an experienced photographer. He uses Nikon equipment and likes Travel photography.

**Chew-chen Lin**, who goes by **George**, is a user of Canon equipment. He likes Nature and Landscape photography.

Welcome to you both. We are glad that you are joining us.

## Photographer Saying:

*Pick a theme and work it to exhaustion...the subject must be something you truly love or truly hate.*

Dorothea Lange

## Refreshments

**Lisa Goggin**, our hospitality chair has resigned because of her work. Two members have volunteered to help. But, we require additional members to share this responsibility—at least two more. Four sharing the job would mean three months as coordinator in a year per member—a very manageable task.

We all want to see the refreshments continue. The refreshment break at our meetings is an important opportunity to talk to other members about all things photographic. It might be club business. But, more often, it is a discussion about equipment, photographic techniques, or photographic locations.

We need members helping for it to continue. Please contact Bill Burychka if you will help.

## GSCCC

The club participates in the competitions throughout the year for four GSCCC Projected Digital categories, Pictorial Color, Pictorial Monochrome, Nature and Photojournalism.

At the GSCCC convention held in late April, the end-of-year 2017—2018 submissions were judged and the winners were announced. Two of the images our club submitted placed in the year end competition. **Evelyn Sander's** image, Lotus Blossom, was awarded Second Place in the Monochrome Projected Digital competition. **Marilyn Holloway** was awarded First Honorable Mention in the Nature Projected Digital competition for her image, Juvenile Hummingbirds Fighting. Congratulations to you both. And congratulations to our club members. This is an excellent showing for our club.

Club members handle the GSCCC image selections and do the semi-monthly submissions. **John Niemand** is our GSCCC Club Representative. **Thejas Rajaram** is responsible for the GSCCC Photojournalism selection. **Keith Goggin** handles both the GSCCC Pictorial Color and Monochrome selections. **Julius Klehm** is doing the GSCCC Nature selection. Thank you all for your work.

On June 19, the third Tuesday of the month, our club will judge the GSCCC Pictorial Projected Digital Color and Pictorial Monochrome Projected Digital competitions. This is a chance to see the quality of images from other GSCC clubs. Be sure to come.
